Battling the second wave

March-April-May 2021

MUMBAI

MAHARASHTRA

The COVID second wave struck and how. We at Project Mumbai have been relentless in relief work since March 2020, were ready on our feet. This time, our focus has been providing critical healthcare-including both infrastructure and helping citizens on the ground.

Since early March till the end of May, 2021, we have helped over two dozen Municipal and Public hospitals in Mumbai alone. K.E.M, Sion, Nair, St. George, NESCO Jumbo COVID Care Centre, BKC Jumbo centre, Holy Spirit Hospital, St Elizabeth Hospital, Poddar, NSCI COVID Care centre and Seven Hills Hospital are just some of the names worth mentioning.

Ventilators, Transport Ventilators, HFNC (High-Frequency Nasal Cannulas), BiPap machines and Oxygen Concentrators have now reached these dedicated COVID hospitals benefiting citizens in large numbers, especially during these difficult times.

Our support has also been extended to senior citizens out for their vaccine dose. Providing complimentary tea, coffee, water and sanitisers to our seniors taking a break during the vaccine shot and wheelchairs for them to help in their mobility within the centres.

Delighted to share that for Mumbai and Maharashtra, at one point gasping for Oxygen, Project Mumbai initiated a massive FREE Oxygen Concentrator delivery facility for citizens across.

We have now delivered Oxygen Concentrators to close to 15 worst-COVID districts across Maharashtra to be circulated to patients in rural hospitals--free of charge. We have been on our feet--- setting up a non-covid dashboard, a mental health helpline exclusively for Adolescents, a tool kit on emotional wellbeing, providing groceries to families of people who have lost jobs, meals for cancer covid patients, bearing medical expenses of patients in a few situations and providing a large number of masks, sanitisers, PPE Kits, body bags among other consumables to people across.

We shall continue to be on our feet---and shall keep you updated.

Our collective impact

We would like to express our gratitude to all those who have supported our initiatives- our donors in cash, in-kind and the champion volunteers who have stepped up to share their time for others.

Of course, a special thank you to Facebook India, JP Morgan Chase India, Avendus Capital and Atos Syntel Prayas Foundation for your support. Needless to say, Govind Iyer, Egon Zehnder for the invaluable role you have played.

- We are grateful to our donors from all over the world--young and old-- who have supported the various initiatives driven by Project Mumbai-- both financially & in kind.
- Our crowdfunding link is also visible on our website: www.projectmumbai.org
- Join our army of champion volunteers-let us together change lives for the better. Register yourself on THE PROJECT MUMBAI HUB **MumbaiKeLiyeKuchhBhiKarega!**
